## P R E F A C E

The Directory of Adult Education Institutions in India is a list of institutions involved in adult, continuing & extension education in India. It includes Governmental Organisations, NGOs, Universities and Colleges which are member institutions of Indian Adult Education Association.

It includes an annotated entry for each institution with the main contact indicated whenever the information has been made available.

The institutions have been divided state-wise.

The purpose of this Directory is to provide information about adult education agencies working at different levels. The Directory is still not complete because of some of the institutions have not supplied the information inspite of our best efforts.

We would be grateful for further information for inclusion in the future edition.

We also welcome suggestions to make it more useful.

Shafiq Memorial  
November 26, 1993
